Permit F-08-008 Revision 1

Meritor Heavy Braking Systems (USA) Inc. has applied to the Kentucky Division for Air Quality for a permit to operate a Miscellaneous Fabricated Metal Product Manufacturing facility at 115 Ogles Avenue, Franklin, KY 42134. The plant is classified as a Conditional Major source due to potential emissions of criteria pollutants greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

An electronic copy of the draft permit should shortly become available at <http://www.air.ky.gov/permitting/>. Copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

To be considered, any written comments or requests for a public hearing must be postmarked within 30 days following the date of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address. Any person who requests a public hearing must state the issues to be raised at the hearing.
